

## Parliamentary Summit of the Three Seas Initiative

### “Advancing the Three Seas Initiative: Vision, Responsibility, Partnership”

Zagreb, 24 - 25 March 2026

#### MEDIA ADVISORY

**The Three Seas Initiative (3SI) was launched in 2015 as an informal initiative by Croatia and Poland.** Since then, it has developed into a political and economic platform focusing on the cohesion of the economic space between the Baltic, Black, and Adriatic Seas. This should be achieved through better infrastructure connectivity in the North-South direction, based on the view that this can strengthen not only the resilience and competitiveness of the participating countries but also the entire EU.

In the first decade of its existence, the 3SI has focused primarily on three areas: transport connectivity, energy, and digitalization. More information is available on our [Parliamentary Summit webpage](#).

**Croatia is currently holding the Chairmanship (3SI)** and is organizing two summits — at the parliamentary level and at the level of Heads of State or Government. With these two summits, the Initiative enters its second decade.

**The Croatian Parliament will host the Parliamentary Summit of the Three Seas Initiative, entitled “Advancing the Three Seas Initiative: Vision, Responsibility, Partnership, on 24-25 March 2026. The Summit will gather Speakers and Deputy Speakers from the parliaments of the 3SI participating states, associated participating states, and the Initiative’s strategic partners, as well as special guests.**

The summit will start by an official welcome dinner for the heads of national parliamentary delegations, hosted by the Speaker of the Croatian Parliament, Mr Gordan Jandroković on the evening of 24 March 2026, at Hotel Esplanade in Zagreb.

**In the morning of 25 March, the plenary session of the Summit will take place at the National and University Library in Zagreb.**

The Parliamentary Summit in Zagreb will pave the way for the Summit of the Heads of State or Government to be held in Dubrovnik (28–29 April 2026). Alongside the Dubrovnik 3SI

summit, a Business Forum will take place, which is expected to gather around 1000 business people from over 30 countries.

A **detailed programme** will be available shortly on the [official website](#).

After the discussions, a **final document** is expected to be adopted by the participants. As usual, the Parliamentary Summit will also provide numerous opportunities for networking and bilateral meetings between the participants.
